➤ **C: 1 Package of 3 Embryos sired by Buyer's Choice of Heat Wave (IVF sexed male) OR Man Among Boys (IVF sexed male)**

- In this power packed lot, not only are we offering this high caliber donor of national magnitude but also the embryo packages that include full sibs to the current and reigning Grand Champion Steer at the 2012 Ohio State Fair. This is a donor that is right on track for the future with tremendous versatility.
- Smokette was the 2007 National Champion Charolais Female and won as many banners as any female in recent history, claiming all major titles at Denver, Kansas City and the NAILE. She was the 2007 Show Female of the Year with the highest point accumulation in Charolais history. She is sired by TR SmokeOnTheWater ET, a sire that earned the AICA Roll of Excellence Sire distinction in 2009 for Thomas Ranch and partners.
- Smokette is tremendously impressive upon appraisal. She has loads of power, rib and correctness of structure. She is a front pasture female that will command as much attention as any donor dam across several breeds. Purebred Charolais females of this caliber are a tremendous investment. Their popularity and production success continue to skyrocket.
- Smokette's first mating with Monopoly produced the Grand Champion Steer at the 2012 Ohio State Fair. This calf was a popular and highly decorated champion throughout the Midwest.
- The donor is currently housed at Trans Ova Genetics. She has recently produced over 42 embryos in just 2-1/2 months. This is an opportunity that was hard gathered! After careful consideration, the partners have agreed to make Smokette a leading and feature lot in this year's Embryos on Snow.
